Dear Gila Bend Unified School District Parents,

As a school district, we work tirelessly to engage parents, partner with the community, develop our GBUSD team, and grow students academically and socially. Our success is the result of all entities working together. We will continue to strive to bring everyone together with the goal of becoming a successful school district.

Currently, our elementary school has a rating of "C." We are .22% shy of a "B" grade. Our middle/high school is rated "D." As you may recall, our middle and high school rating was an "F" last year. We are currently 7% shy of a "C" rating.

On Tuesday, January 14th at 6:00 p.m. in Logan Auditorium, we invite you to join us to hear our improvement plan to bring our middle and high schools to the next level. We will also answer any questions you may have. As always, our doors are open and we welcome you at our GBUSD schools.

Warmly,

Anthony J. Perkins

Dr. Anthony J. Perkins
Superintendent

Vision: We maximize the educational and social potential of every student.

Mission: To educate, empower, and ensure EVERY student excels for an ever changing society.
